

# 1 - TAILOR-MADE PROGRAMS

The International Relations Office delivers tailor-made programs in English in diverse areas, including Chilean Culture, Doing Business in Latin-America, Education, Humanities, Law, Engineering, among others.

For students majoring in Spanish, we offer customized programs in Spanish in all levels, including Spanish for Health practitioners, Chilean identity and others, both for undergraduate and graduate level students.

Programs can be delivered during the whole year (excluding February) and students receive academic credits from Universidad de los Andes. We develop Faculty-led programs combining UANDES and visiting Professors or completely taught by UANDES. The programs are mainly delivered in our Campus and include guest speakers and off-campus lectures.

In order to provide fulfilling experiences, we offer the following services:

- > Lectures taught by UANDES faculty
- > Guest speakers and off-campus lectures
- > Spanish Language course (customized)
- > Arrival assistance
- > Welcome kit and orientation day
- > Farewell activities
- > Cultural trips to Santiago's main attractions
- > On-Campus activities
- > Support arranging accommodation
- > Typical Chilean meals
- > Support in visa procedures
- > Public and private transportation assistance
- > Trip assistance to Valparaiso or other cities
- > Active and available International Office staff

## Why choose Universidad de los Andes?

### Cultural Immersion

All short-term programs at UANDES always include Chilean students taking part of the courses and/or activities, so we can ensure an immersion in the country, the language and learning from peers! UANDES students are eager to participate and applications grow every year!

### World-class campus

Our 128-acre Campus, 19 of them with green areas, offers a both protected and scenic environment surrounded by the Andes Mountains. UANDES is located in the northeast part of Santiago and is 25 minutes away from downtown. The state-of-the-art buildings and facilities offers students all they need for a great experience.

### A person oriented environment

The International Office counts with active and flexible staff that will provide an interesting and learning experience. All groups count with a Student coordinator that will assist and orient at any minute. Our Faculty and guest speakers also enjoy having students from abroad to share their ideas and knowledge.

### Program Quality

Our programs include lectures with experts in their fields, meetings with stakeholders and visits to key public and private institutions. Students will learn from top national and international specialists and will be invited to discuss and propose their ideas.

“What I enjoyed the most is people. Students came from all over the world and they become my friends, even my family.”

Nawa2 Dhandala, India
