Welcome

Welcome to the Library of Universidad de los Andes!

This year, we invite you to enjoy the best learning and research experience, in an environment designed to inspire and support you in every academic challenge.

The Library is much more than books: it is an ecosystem of opportunities where discovering, creating, and connecting become a natural part of your daily life. Here you will find places to study, collaborate, and experiment: study rooms, silent zones for maximum concentration, the Open Lab to bring your ideas to life, and the XR Room, where immersive technology opens new ways of learning.

In addition, you have access to our Digital Library, available 24/7, with more than 450,000 ebooks, databases, online press, and AI-powered tools that make your searches and research more efficient and smarter. And if you need expert guidance, our specialist librarians are always available.

This year, we invite you to rediscover the Library as your greatest ally: a place that promotes your studies, expands your ideas with a team committed to help you go further.

Explore, inquire, participate, and create.
The Library is yours, make the most of it!

We look forward to your visit.

Carolina Melo Hurtado

Facilities

Study Rooms

24 group study rooms.

Make your reservation by accessing our Digital Library.

- Reservations in 30-minute blocks.
- Maximum of 3 hours per day.
- Book up to 2 days in advance.
- Remember to check in upon arrival.

XR Learning Room

Space to explore virtual and augmented reality, and 360° simulations.

Ideal for projects, interactive learning, and immersive experiences.

How can you book it?

Through the Library's room reservation website.

Open Lab

Bring your ideas to life!

The Innovation Lab features fabrication technologies such as: 3D printing, along with technical support to build and model innovative projects.

How can you use it?

You can visit the lab in person, located next to Sala Cero, and submit your request.

Opening hours

Monday to Friday:

7:30 am to 8:30 pm

Saturdays:

9:00 am to 2:00 pm

Extended hours during exam periods

Monday to Friday:

7:30 am to 10:00 pm

Saturdays:

9:00 am to 2:00 pm

Community guidelines

We want the Library to be a comfortable and respectful space for everyone.

We invite you to contribute to the positive study and work environment we share.

Study areas

The Library offers different spaces depending on the type of activity you need to carry out.

Study and research support

We provide personalized guidance to learn, research, and develop your projects.

We support you in:

- Database searching.
- Learning and research tools.
- Development of digital skills.
- Citation styles and copyright.
- Academic productivity reports.
- Journal selection for publication.
- ORCID creation.
- Open Science and research data management.

Specialist librarians

Digital Library

Discover this space to learn and explore.

Databases

- Access databases such as: WoS, Taylor & Francis, Scopus, JSTOR, and ClinicalKey, among others.

Online press

- Free electronic access while you are on campus to: La Tercera, Aceprensa, Diario Financiero, and El País.

Ebooks

- eLibro, with more than 450,000 titles.

Journals

- Consult specialized academic journals on different disciplinary areas.

Tools

- Access a range of AI tools to facilitate your search and research.

Virtual assistant

- If you need additional help, remember that the Library's virtual assistant is always available on our website.

Collections

Academic collection

Our Library provides the bibliography for all academic programs at the University.

Here you will find all the books and contents you need in areas such as: Law, Humanities, Health Sciences, Social Sciences, and Engineering.

If you can't find what you need, write to:

biblioteca@uandes.cl

Recreational collection

We also offer a recreational collection designed to accompany you beyond academics, featuring novels, essays, and current publications to enjoy reading and explore new topics.

Rare and valuable collection

To support research and academic work, we have a collection of rare and valuable books—a heritage collection that preserves unique editions and historical materials, enriching the cultural experience of our community.
